

Sustainable Installation Trail & Award

The Clerkenwell OPEN Sustainable Installation Trail features sculptures which provoke conversation on waste within the commercial sector.

Who: 20 striking sculptures will be designed by Commercial Interior Designers and Architects who will be partnered with showrooms participating in Clerkenwell OPEN. Each design studio and showroom partnership can either collaborate on the design and production of their installation sculptures, or the showroom can simply be the host for the installation.

Requirements:

Free standing 3 Dimensional sculptures, a minimum of 1.5 meters in height. Each design must comply with event health and safety standards.

Where: The sculptures will be positioned within Clerkenwell OPEN showrooms and will form their own installation trail which will be featured on the Clerkenwell OPEN map.

When: We invite Commercial Interior Designers and Architects to register their interest by **Friday 6th May**.

We invite Clerkenwell OPEN showrooms to register their interest by **Wednesday 15th June**.

We will host an online workshop for all installation participants in order to discuss their sculpture concept and practicalities on **Wednesday 15th June**.

Participants must provide an overview of their design which outlines their concept and material specification by **Friday 27th May** using the Design Guidelines form provided.

Sculptures must be installed by **Tuesday 6th September**.

Logistics: The design studio and the showroom will be responsible for all materials required and for making their sculpture. Assistance can be provided if needed.

The design studio and the showroom will be responsible for delivery and installation requirements and costs, they are also responsible for dismantling and sustainably disposing of their installation.

Why Take Part:

- Be recognised for your sustainable expertise.
- Lead the conversation on sustainable successes, or issues, within the commercial sector.
- Showcase your creative skills through your thought provoking conceptual design.
- See your installation and brand promoted by our media partners.
- Work with industry leading Clerkenwell based supplier showrooms.
- Only 20 design studios can take part, register your interest now!

Award: An award will be given to the sculpture which a panel of judges feel instigates the most engaging discussion regarding sustainability in the commercial interior sector. The award will be presented at the Clerkenwell OPEN closing event on **Thursday 8th September**.

The Clerkenwell OPEN Sustainable Installation Trail is supported by the Sustainable Design Collective.
